Simple Subtraction Word Problems Worksheet

Use subtraction to solve the problems below. Show your work.

1. Kelly has 9 days of holiday in the month of April. How many days does she have to go to school in April?

$$30 - 9 = 21 \text{ days}$$

2. There were 28 cars in the parking lot. 6 cars left. How many cars are still in the parking lot?

$$28 - 6 = 22 \text{ cars}$$

3. Wendy bought 17 tables for the restaurant she owns, but the space is too small to fit them all. It can only fit 15 tables. How many tables does she have to put away?

$$17 - 15 = 2 \text{ tables}$$

4. There are 35 kids in the classroom. 4 of them went to the bathroom, how many are left in the classroom?

$$35 - 4 = 31 \text{ kids}$$

5. Jennifer created 13 paintings. She sold 6 of them. How many paintings are left?

$$13 - 6 = 7 \text{ paintings}$$
