## SKILLS

- Laboratory Skills
- Analytical Skills
- Computer and Internet Skills
- Chemdraw
- Microsoft Office

## EXPERIENCE

### Research Assistant

**University of Science Malaysia** Feb 2015 - Dec 2016

Handling laboratory works and be in charge of the research grant (purchasing chemicals, apparatus and manage the account)

### Laboratory Demonstrator

**University of Science Malaysia** Mar 2015 - May 2015

Demonstrator for Applied Organic Chemistry course (KIM 4204)

### Kitchen Crew

**Naan King Restaurant** Jan 2015 - Feb 2015

Position as kitchen crew and experienced as a cook

### Crew

**Cindy's Restaurant** Apr 2011 - Jul 2011

Position as a crew member and experienced as a cashier and a cook

## EDUCATION

### MSc. (Chemical Sciences)

**San Jose State University** 2015 - 2019

Thesis entitled 'Synthesis and Characterization of Disubstituted Conjugated Ethynylated-Imine Derivatives as Potential Liquid Crystalline Materials'

### BSc. (Chemical Sciences)

**Northeastern University** 2011 - 2014

Final Year Research Project entitled 'Synthesis and Characterization of Acetylide-Thiourea Moiety as an Active Layer in Organic Solar Cells'

Dean's list for 1st Semester (CGPA: 3.24)

### Biological Sciences Matriculation

**Arizona State University** 2010 - 2011

Malaysian University English Test (MUET): Band 4 (CGPA: 3.67)

### Sijil Pelajaran Malaysia (SPM)

**University of South Florida** 2008 - 2009

# Barbara Mitchell

## CHEMIST

### Summary

Professional and enthusiastic chemist with 4+ years of experience in chemical analysis of soil, plant tissue, water and manure seeking an opportunity to bring my strong sense of dedication, motivation, and responsibility to company

### Education

**The George Washington University**  
MSHS in Immunohematology and Biotechnology

## Work Experience

### CHEMIST

Alpha Analytical • 2016 - Present

- Prepared standards used for analysis
- Interpreted data and associated QC and approve data in the LIMSsystem
- Built collaborative relationships with the groups to understand their processes and quality needs
- Ensured that laboratory database (LIMs) meets customer needs; SQC requirements are met, specifications are updated, testing schedules are accurate, resources are adequate, and interfaces such as OSI PI are functional

### CHEMIST

MetLife • 2015 - 2016

- Developed computer models for simulation of drug binding
- Developed and executed validation of analytical systems
- Operated spectrophotometer and viscosity meter for QC
- Managed decisions regarding personnel issues to ensure that the rules of the collective bargaining agreement are being followed
- Applied cGMP concepts in association with department specific responsibilities
- Assisted with keeping well-maintained and clean laboratories

### Skills

- Laboratory Equipment
- Stability Samples
- Data collection and analysis
- ION Chromatography
- Raw Materials
- Uv/Vis
- GC
- Hplc
- Report writing
- Interpersonal skills
- Time management

Resumes Bot

## Marcellino Romero

Qualified Analytical Chemist with over 20 Years of Lab Experience

Detail-oriented M.Sc analytical chemist offering in-depth experience in titration methods and operation on technical machines, including HPLC, GC, elemental and thermal analyzers.

[marcellinoromero@gmail.com](mailto:marcellinoromero@gmail.com) [+617-3182309](tel:+617-3182309) [in romeromarcellino](https://www.linkedin.com/in/romeromarcellino)

## Work Experience

Sep 2016 – May 2018

### Chemist — Micro Chemical Industry

- Responsible for R&D of analytical testing projects.
- Performed back-end titration, GC, and HPLC to ensure chemical constituents are free of impurities.

Sep 2020 - Present

### Real Estate Agent — The Lab

- Senior analytical chemist in the main lab with colleagues, reporting lab results on beauty product development daily.
- Focused on formulation and chemical synthesis of applicable chemical products while following quality control policies.

## Education

2010 - 2013

### University of British Columbia

#### Bachelor of Science in Chemistry

GPA: 3.85

- Research: Bioconjugation in substance chemistry, particularly in nanoparticle-based drug.
- Honors: Received the Macro Polo Scholarship award for top achievers throughout all four years of the undergraduate program.

2013 - 2015

### University or SchoolNational Taiwan University

#### Master of Science in Chemistry

GPA: 3.90

- Research: Received the government grant from the most budget to conduct research on analytical and forensic chemistry.

## Skills

- Detailed calibration
- Experienced in Origin
- Proficient in JavaScript
- Superb lab equipment handling
- Multilingual (Spanish, English, and Chinese)
- Determination
- Meticulous
- Excellent logical reasoning
- Detail-oriented
- Communication skills
